## **What is Pond Hockey?**

Pond Hockey is high speed, high scoring, end-to-end hockey action without the pressure of the regular season scores, standings and format! It's a chance for players to handle the puck, get creative, and play like they're out back on a pond. And the best part is while the kids are having fun, they're focusing on skating, stickhandling, passing, shooting and backchecking/-forechecking.

**Perani's Player of the Week winners will be announced throughout the session including cool prizes and player photos shared on social media.**

**All games will be available live and on demand through Live Barn.**

**Please note: All participants skate at their own risk.**

**Sign up by March 1 and receive a free practice!**
