## WHAT IS POND HOCKEY?

Pond Hockey is high speed, high scoring, end-to-end hockey action without the pressure of the regular season scores, standings and format!

It's a chance for players to handle the puck, get creative, and play like they're out back on a pond. And the best part is while the kids are having fun, they're focusing on skating, stickhandling, passing, shooting and backchecking/forechecking.

This is a great off-season opportunity that players have enjoyed for years!
